

March 2025

Cottonwood Lady Niners

Congratulations to our Club Champions! After two rounds of golf in January, Julie Little played well and became our net champion, and Margo Sodahl reigns as our gross champion. Great golf ladies!

Final plans are in place for our Member/Guest play on March 20th. This year we are proud to support Positive Paths, a local non-profit that supports women in Phoenix's east valley. The group invests in and empowers women through education, mentorship and by providing professional development skills so they can better support their families and participate in building stronger communities where they live. The Niners will be contributing to their efforts by presenting the money received from auctioning off beautiful gift baskets donated by our golfers and with a gracious gift from several of our club pros who are donating rounds of golf with them participating as part of the foursome. Thanks to all who make this a fun and impactful day!

After several weeks of tournament style play to determine club champions and medallion qualifiers, we are looking forward to fun scramble or team play golf to round out the month of March. Members also have opportunities to golf in off-site tournaments with other lady golfers in the Phoenix metro area. Renee Seifert is the Niner contact if you are interested in participating in any of these events - touch base with her before or after our Thursday afternoon golfing, or check the bulletin board outside the pro shop for more details about upcoming events.
